#### DESCRIPTION

The Symbol X Maple No. 14 is a restrained, natural presentation of the maple itself. Minimal intervention—only tannin enhancement and tung oil to reveal the inherent figure. The result is clean, honest, and close to the raw material, with subtle knots and character marks preserved. Horizontal landscape-like banding interacts with softer tiger figure below, creating a balanced and tranquil surface with a pronounced shimmer in natural light. As with every Symbol Coat Rack, the hooks lay flat when not in use, flipping down when needed.
