DESCRIPTION

The Symbol X Maple functions as both a practical storage solution and a commanding, modern sculptural object. No. 10 is a quiet, darkened piece with oxidized black-brown tones and understated figure. The striping is gentle and minimal, giving the board a calm, muted profile. A subtle, shadow-leaning interpretation. Finish is achieved with layers of iron oxide, black dye and tung oil. As with every Symbol Coat Rack, the hooks lay flat when not in use, flipping down when needed.
